A G D

I tried so many different ways to make you stay

But words don't matter when there's nothing left to say

A G D

I went to the water, skipped a stone from barren sand

A G D

The waves that washed us watched us wash up on the land

## Pre-Chorus:

Emadd9 D G

I saw the future when I looked out to the sea

Emadd9 G A

I never thought that you would drop me to my knees

## Chorus:

Cadd9 D6

I'm in a blind spot

**Cadd9 D6**

Feelings had my heart caught

**Cadd9 D6**

Caught behind a blind spot

**Cadd9 Dsus2**

You led me astray

The choppy waters pushed me closer to the rocks

**A G D**

While you stood frozen, watching coldly from the docks

The harbor lights would always guide me to your shore

**Emadd9 G A**

They've dimmed behind the fog since you're not with me anymore
